

THE BOARD OF ALDERMEN.

Order the Placing of Several New Electric Lights.

The board of aldermen held and adjourned meeting last night there being present besides Chairman Hall, Aldermen Cloughessy, Russell, McElligott, Sullivan, Pilling, Ellis, Sanford, Bernier, Wright, City Clerk Grady, City Attorney John P. Kellogg. The recommendations of the board of public works regarding electric lights as printed herein Saturday were read and adopted with the exception of the one having reference to a light on Silver street and another at the corner of Scovill and South Elm streets. Alderman McElligott took up the cudgels for the signers to the petition for the light on Silver street. "I'm sorry," he said, "the board didn't come along there some dark night instead of looking at it when the moon gave light all over town. It is a bad spot and the fact that this makes several efforts the people made to secure a light there is pretty good proof that it is needed, else they would not keep at it so constantly." The board of public works recommended that the petitioners be given leave to withdraw, but owing to the remarks of the alderman from the fifth ward, it was tabled and the matter will come up again.

In reference to the petition of Michael Coss et al. for an electric light on Silver street the board of public works recommended that the electric light now on East Main street, near Silver street, be shifted a little so as to throw light along the latter roadway. Alderman Ellis did not like this and made a strong plea for the light where the petitioners asked for it. "The changing of the light on East Main street," he said, "won't help things in the least at this point. This is one of the darkest places in town and I think the light should be placed just where the petition calls for one. The property owners on Silver street pay a good big round sum for taxes and yet they haven't near as many advantages as people living near the center. The light at the factory of Roger & Brothers leaves things in pretty fair shape until you reach the foot of the hill and from there up to East Main street you can't see your hand. It is the same if you turn the other way and try to reach Dublin street. You have to come in from the front of you, but you can't see them and the only thing you can do is pull up. We had to stand to-night to let a team pass. The light should be placed near the Coss residence and if any member of this board thinks it is not needed I wish he would drop out there in front of me, and he'll change his mind mighty quick."

The matter was then tabled. Upon recommendations of the board of public works it was voted that action on the petition of Peter F. Coughlan for sidewalks on South Main street, both sides, from the present terminus of the walk on that street to the city line, be deferred until the roadbed between those points shall be brought to the established grade. In connection with this Alderman Sanford said that the city should make some action, towards working the road to a grade so that the walks can be laid, for he thought they were needed there and would accommodate a large number of people.

The following petitions were read and referred to their respective boards: Of St. Margaret's school, for a fire hydrant on the corner of Cooke and Hawkins street; of John Derwin et al. for a water main in Green street, or Drayer avenue; of Mrs. Mary Cohen for abatement of city taxes. A notice of damages from Mrs. Jennie Kane, stating that she would claim damages for injuries received on South Main street recently, was referred to the law committee. On recommendation of the board of public works the following transfers of appropriations were made: From streets—surface hardening, to water pipe extension, \$800; from streets—surface hardening, to streets—repairs and maintenance, \$1,500; from streets—paving, to streets—new work, \$1,500; from streets—paving, to streets—assessments, \$1,000. A communication from the board of health, relative to the plumbing ordinance prohibiting bringing gunpowder into Section 13 of the ordinance "Trade," prohibiting bringing gunpowder into the city on passenger or freight cars, was stricken out.

WHAT DO THE CHILDREN DRINK?

Don't give them tea or coffee. Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee, but costs about 1/4 as much. All grocers sell it, 15c and 25c.

Cash for Lost Love.

Bridgeport, Ct., Nov. 9.—William Weldenhammer, organist of St. John's Episcopal Church, was arrested Sunday night upon a writ in a suit brought by Burton A. Merrill, of this city, who asks \$2,500 damages for the alienation of his wife's affections. The suit has furnished unlimited gossip, the parties being well known in social circles.

Prof. Weldenhammer says he is the victim of a gross mistake, and that the suit is for the purpose of extorting money from him. There was a conference for a settlement immediately after his arrest, but the musician refused to pay the amount demanded.

Butterworth Not Better.

Cleveland, Ohio, Nov. 9.—Benjamin Butterworth's physicians report no change in his condition last night. Senator Hanna decided yesterday to postpone his visit to the East on account of Gen. Butterworth's illness. He telegraphed to the Home Market Club of Boston that he would be unable to be present at its dinner to-morrow evening, where he was to respond to a toast. He will remain here until Gen. Butterworth is out of danger.

Madagascar in Open Revolt.

London, Nov. 9.—A special dispatch from Paris says alarming information from the island of Madagascar has reached the French Colonial Office. Large bands of well-armed, disciplined rebels are scouring Madagascar and cutting off isolated French detachments.

SPAIN OFFERS PARDON.

AMNESTY ANNOUNCED FOR ALL POLITICAL PRISONERS.

Reformist Press Highly Praises Gen. Blanco for His Decision, and Urges the Establishment of Peace Under the Spanish Flag.

(Cable Dispatch to the New York Sun.)

Havana, Nov. 9.—Gen. Blanco signed yesterday a proclamation granting pardon to all persons sentenced in Cuba for rebellion against Spain, provided that their sentences were based upon political grounds only. Those who have been sentenced as common criminals and under the military law will be pardoned only if the Captain-General deems it expedient after investigation.

The Reformist and Autonomist press here highly praises Gen. Blanco for his decision, and hopes that all those who are fighting against Spain in the field or conspiring against her abroad will avail themselves of the opportunity to return to their homes and contribute to establish peace under the Spanish flag.

The decree is prefaced by an introduction in which Gen. Blanco declares that in accordance with the magnanimous feelings of the Government of Her Majesty he takes this step in order to prove that Spain is resolved both to punish with severity those who continue to fight against her sovereignty and to open "her merciful arms to her repentant sons."

The trial of the prisoners of the Comptroller that was to begin yesterday has been postponed. Senator Jose Brun, the newly appointed Governor of the province of Havana, and a prominent member of the Autonomist Junta, will take possession of his office to-day. The Reformists and Autonomists will compliment him with a demonstration at the palace of the Civil Government.

Will Not Reach Cuban Leaders.

Havana, via Key West, Nov. 9.—Gen. Blanco's decree announcing pardon for political crimes does not extend in action to "crimes" punished under special military law. To this category belong all the important revolutionists. They have been sentenced for "rebellion and incendiarism" at the same time as the first offenders, and the second a common crime. The pardon, therefore, amounts to nothing practically, since, from Gen. Gomez down to the last soldier in the revolutionary ranks, all have been sentenced by Spanish court-martials as common outlaws.

MANY VISITORS IN TOWN.

To Be Present At the Opening of the A. O. H. Bazaar.

To-day Waterbury was honored by the presence of several officers of the A. O. H. of Connecticut who came here for the purpose of being present at the opening of the great A. O. H. fair in City hall this evening. Among the visitors were: John D. Murphy, Norwich, state president; J. D. Cunningham, New Haven, state secretary; J. O. P. New, New Haven, president of New Haven county; S. J. Ivers, Bridgeport, president of Fairfield county; F. Kelleher, Hartford, president of Hartford county; P. J. Gleeson, Litchfield, president of Litchfield county; J. Saunders, Norwich, president of New London county; Colonel Murphy, Bridgeport, colonel of the Hibernian Rifles of Connecticut; Mrs. Eleanor McCann, South Manchester, state president of the Ladies' auxiliary; Mrs. Keating, Hartford, state treasurer of the Ladies' auxiliary; Miss Naugle, Naugatuck, county president of the Ladies' auxiliary. The guests were met at the depot by the following committee and escorted to the Union club: Mrs. Jennie Turley, state secretary of the Ladies' auxiliary; James A. Hynes, Thomas H. Hayes, D. H. Tierney, Morton D. Moran, James Fitzgerald, John H. Moran, Patrick Barry and William D. Keenan. After dinner the officers held a session regarding the state parade which will be held here next May. Colonel Murphy will open the fair this evening with an address which all members of the order should endeavor to hear.

LEAVITT ARRESTED.

Blind Song Seller Jailed in Connection With the Alice Brown Mystery.

BOSTON, Nov. 9.—The first important step taken by the police in their attempt to clear away the mystery in the case of Alice Brown, found murdered in a Cornish street house last week, is the arrest of William Leavitt, the blind song seller who lodged in the same house with the murdered woman, charged with the crime.

Upon just what evidence Leavitt has been taken into custody on such a charge the police refuse to state. Leavitt for the past four days has talked considerably about the murder, but he has been allowed to pursue his customary occupation of song selling on the sidewalks of this city without being led to suspect that he was being watched.

The fact that the woman was strangled to death instead of killed by a more usual method, with some instrument, has been considered for some days as a particularly strange aspect of the crime and might seem to show that it was a blind man's only method of dispatching his victim. The police believe that Leavitt has spent a portion of his life in state prison in other states, but for what offenses they are at present unable to ascertain.

The murdered girl was positively identified last night as Mary Alice Rudenham of Rindge Center, N. H. The identification was made by Mrs. Lucy S. Brown of Cambridge, for whom the girl worked about a year ago and whose name she assumed when she left and took up her abode in this city.

"The worst cold I ever had in my life was cured by Chamberlain's Cough Remedy," writes W. H. Norton, of Sutter Creek, Cal. "This cold left me with a cough and I was expectorating all the time. The remedy cured me, and I want all my friends who are troubled with a cough or cold to use it. It will do them good." Sold by Apothecaries Hall Co., George M. Ladd, 854 South Main street.

DISTRIBUTION OF THE PRIZES.

The List of Winners at St. Francis Xavier Church Fair.

The fair of St. Francis Xavier parish closed last night after a successful run of eight nights, when presents were awarded.

The articles loaned for the Irish booth at Father Curtin's fair, have been taken in charge by the committee appointed for that purpose, by whom they will be returned to their owners.

Judge Fearn Resigns.

Washington, Nov. 9.—Walker Fearn, of Alabama, United States Judge of the Court of Appeals at Cairo of the International Tribunal of Egypt, has sent his resignation to the Khedive on account of ill health. Mr. Fearn was Minister to Greece under President Cleveland's first administration, and was appointed to the International Tribunal in 1894. He was formerly Department of Foreign Affairs of the World's Fair. Mr. Fearn recently returned to the United States in the hope of improving his physical condition.

Rich Gold Strike in Montana.

Butte, Mont., Nov. 9.—A rich gold strike has been made on Upper Sag Creek. A ledge extending for many miles, with the quartz running 100 to the ton, has been discovered. Residents in that part of the State are wild with excitement. The town of Utica has been almost deserted by the male inhabitants, who have stalked out the whole surrounding country.

Another report of the discovery of a rich placer deposit was brought yesterday from Elk City, Idaho.

The electric lights were turned on for the first time in the new Poli theatre on East Main street last night, revealing quite an interesting view to those who happened to be present.

KNIFE AND POWDER.

ROBERT McNEAL OF TRENTON ACCUSED OF VANDALISM.

Shade Trees Were Completely Ruined by Girdling—It Is Said McNeal Was Trapped Into a Confession, but He Denies It.

TRENTON, Nov. 9.—Robert McNeal, a well known young man, a son of John McNeal, who was once a Democratic candidate for the assembly, has been arrested on charges brought by Kinsey Rowan.

McNeal is charged with cutting and injuring 40 fine trees and with plugging Rowan's kindling wood with gunpowder and nearly blowing his small family through the roof. He denies the charges and has engaged counsel to defend him. Rowan says he and McNeal have had financial dealings, which were terminated for personal reasons, and that McNeal adopted this method to revenge an imaginary wrong. Charlotte Parnell, the housekeeper, carried into the Rowan mansion ten days' supply of kindling wood, which was used in an old fashioned wood stove. There was a loud explosion, which blew off the top of the stove and scattered parts of it all over the room, fragments striking several persons. The house was filled with smoke, and the inmates were badly frightened.

Mr. Rowan decided to keep his own counsel and to find out the cause of the explosion. Last week he was surprised to find 40 of the pine and spruce trees standing about his house girdled so badly that all will probably die.

More than half of these trees were planted by Mr. Rowan himself 30 years ago. They were the finest specimens of the kind in this vicinity, and some of them were nearly three feet in diameter. Each tree was girdled of the outer and inner bark from six to ten inches. Some smaller trees, which could almost be uprooted by hand, were also girdled, the object being to make the owner cut them down, as they cannot live. The large girdled trees have been doctored with North Carolina tar and wrapped, but small hopes are entertained of their living.

Mr. Rowan employed a detective and wrote a letter to Justice of the Peace Willey charging McNeal with the offenses because of certain local rivalries. Willey and the detective sent for McNeal. The detective hid in a closet, and Willey solicited McNeal's co-operation in finding the guilty person because of the serious charge that Rowan had made against him. Willey, to relieve Willey's mind, admitted, it is alleged, that he made the gunpowder infernal machine and girdled the trees. The detective heard this alleged confession.

McNeal, it is alleged, said that he made the infernal machine by stripping down a piece of Rowan's kindling wood and boring in the largest part four large holes, which he filled with gunpowder. He then tacked the strip on again and placed it in the woodpile, near the top. He also, it is alleged, exhibited the knife with which he did the tree cutting.

McNeal was arrested and taken to jail in default of bail. He denied making the confession and retained counsel. Rowan and McNeal were leaders of opposite factions in the borough of Broadstreet Park, on the edge of Trenton. The opposition was principally on the question of erecting a public school. Rowan is wealthy, having inherited much of his money from relatives. He intends to leave his property to the Methodist church for an old woman's home, it is said.

Suing For Three Dollars.

BRISTOL, Conn., Nov. 9.—Suit has been instituted against the Bristol Fair corporation by Mrs. Winifred Norton for \$3, which she claims the judge awarded to her in premiums for a tiger cat which she exhibited at the recent fair. David Nichols, the judge, awarded Mrs. Norton prizes for the "best cat," the "biggest" and "best looking" tiger cat. The secretary of the fair notified Mrs. Norton that there was only one prize offered, and that was for the "best" tiger cat. The prize was \$3. He also stated that it was contrary to the rules to give more than one premium to any one exhibit. Mrs. Norton, when the treasurer refused her claim, brought the suit, which will come up on Saturday.

KELLEY ON TRIAL.

Jury Selected to Hear Evidence in the Stickney Murder Trial.

DOVER, N. H., Nov. 9.—Joseph E. Kelley, the self confessed murderer of Cashier Joseph A. Stickney at Somersworth on April 16 last, was placed on trial in the supreme court here yesterday, and much more county here yesterday, and much more proceedings than had been anticipated by any one connected with the case. Kelley has declared on several occasions that he had no fear of the day when he would be called to answer the charge of murdering Cashier Stickney, and the coming of the day has apparently failed to change his position. His relatives and friends declared that he never looked better in his life, and he presented a picture of youth and health. During his confinement in the county jail he has gained 18 pounds and now balances the scales at 136.

The day was mostly taken up in impaneling a jury, the twelfth man being accepted shortly after 4 o'clock after a large number had been challenged by the defense and prosecution. The remainder of the afternoon was taken up in the opening of the case for the state by County Solicitor Nason, who informed the jury that the state expects to prove the truth of the accusation set forth in the indictment that Joseph E. Kelley killed Joseph Stickney with a blackjack and a razor and that it was a deliberate and premeditated murder.

SOME FOOLISH PEOPLE.

Allow a cough to run until it gets beyond the reach of medicine. They often say, "Oh, it will wear away," but in most cases it wears them away. Could they be induced to try the successful medicine called Kemp's Balsam, which is sold on a positive guarantee to cure they would immediately see the excellent effect after taking the first dose. Price 25c and 50c. Trial size free. At all druggists.
